Let's talk about James Comey, that tall drink of stupid. Many people are upset the DOJ declined to prosecute him for "leaking" classified "memos" to his attorneys and others. It's a gray area, he wrote those memos as director and they weren't classified then, only later by

someone else. A smart move by Barr not to prosecute ESPECIALLY when Trump/Barr knew this. Here are SOME of the people involved.

There are more people involved now but after Jordan Kelly was outed I received a call from my Secret Service handler, who Still

identifies himself every time, and flashes the badge when we meet, he's only been around since 2015😳. The other "representatives" I have to deal with just say, "hey John". Anyway Mr.Flippy called to tell me not to name anymore people involved in this issue because of a ongoing

investigation. But! And this is a Sir Mix Alot sized Butt! He didn't say not to clarify what I already put out there 😁

Anthony Ferrante and Jordan Kelly, and UN-NAMED OTHERS, have been spying on President Trump within the White House and sending that info to James

Comey. And he is no longer Director. He is not protected by that any more. And his current security clearance is restricted and nowhere near high enough to handle what they have been sending. They transmitted everything! Classified briefings, documents, conversations with world

leaders, Security Details, travel plans, huge security risks!, Cough..attempts on President life..cough, Planned memos and talking points everything they could get. And it all went to Comey.
But wait! There's more!!
These people kept copies of everything! Their own little version

of a "insurance policy". And Trump/Barr have it all!😁
Act Now, and I'll throw in a additional fact completely Free!!
These "insurance policies" go back to Obama's time and through the election and transition 😎
There are a roadmap of every dirty trick and illegal act and the

players involved. And best part? These idiots kept their insurance policies in the safest place they could, buried on the White House servers😆 Trump doesn't have to subpoena a single thing! And Congress can't say a word.
So, Comey, when the President called you a huge leaker

He wasn't referring to the memos you felt the need to comment on over and over.😳 You are all toast!
There you go Mr.Flippy, I didn't name anyone else 😎

Getting good now😎
I swear Mr. Flippy I didn't say a word.

I want to take a moment to thank everyone for their prayers and for helping to get the word out. I've been getting some questions and I wanted to clarify a few things. I downplayed the graphic experiences because everyone has a different level of comfort and I wanted people to

hear the entire story and not click off. I had to leave out most of what happened to my wife because I could not have gotten through it and continued. Like leaving her cuffed in the corner for 22 hours, laughing/taunting when she needed to

To Rod, Brennan, Comey, Mueller, Holder, Lynch, McCabe, Page, Strzok, and many others. My dearest friends, remember all those debriefings? Those tasking meetings? How bout when you threatened me and my family to betray Trump? Remember the intrusive strip searches and pat downs

because you knew my specialty was documenting in difficult scenarios? Do you remember how lax you got? How I would unplug and hand you my tiny digital recorder and you would

Why not, I'm sick of these bastards. FBI DOJ politicians etc, all have gov pensions. But the top levels have private investments, often in their children's name, and those account brokers always get a heads up before a FF or major "catastrophe" like 9/11, recent very selective

House fires in California, think insurance companies, so the stocks can be manipulated accordingly for maximum profit. Every time. Either they are psychic or they know it's coming. For over 10 years this river of illegal and immoral

What is going on here. Are we making all this research for nothing. Are we awaking the masses for nothing? Are we working overtime for this? Where is the law? Where is justice? Are we being fulled? Please somebody help me understand this corruption. This is a very bad news.

Thank you Q, for answering my question from last night. I was frustrated after reading and listening the DOJ was not going to prosecute Comey for leaking memos. Today's,
